PROTECTION TO PROPERTY.

Chief Williams Introduces Wise Precaution During the Summer.

While with the limited force at his command, he cannot be absolutely responsible for anything that may happen, nevertheless Chief of Police Williams, profiting by past experience, desires to afford some measure of added security to those who close their houses during the Summer and go away to the mountains or the seashore. To that end he requests all residents leaving the city for any considerable length of time to furnish police headquarters with the number of their residences and any other information that will be of value in exercising a special care over the property and protecting it against burglary. In former times an officer on a beat, seeing a light in a house, would not have his suspicions aroused, but under the present arrangement should the man on the beat know that the occupants of the residence were away from the city, he could investigate any seeming irregularity about the premises.

The plan of Chief Williams appears to be a splendid one and the public should co-operate with him heartily in his efforts to protect property. He gladly assumes the added responsibility and it is as little as residents can do to hand in their numbers to the station.

Robert Murphy Williams will make an address and report on Home Missions.

To Repeat Production.

It will be welcome news to many to know that there is a strong probability that the opera "Pinafore," so successfully presented at the Academy of Music last night, will be repeated at the Casino, Wrightsville Beach, in the near future. GATHERING THEM IN

Three Other of New Hanover Escaped Jail Birds Have Been Trapped.

THE END OF A LONG CHASE

Sheriff Stedman and Party Captured Louis Brooks and Two Others in Lower Brunswick County Early Yesterday Morning.

After an exciting chase of two days and nights, through the wilds of Brunswick county, after negroes reported to be heavily armed and determined to successfully resist at any cost, Sheriff Stedman, Special Deputy W. S. Bernard and Justice G. W. Bornemann, assisted by Sheriff Peter Rourk and Deputy A. S. White, of Brunswick county, at 3:30 o'clock yesterday morning effected the capture of Louis Brooks, Elijah Russ and H. Sampson, three of the remaning six negroes, who escaped from New Hanover county jail in this city before day last Monday morning. Of the 12 who fled the jail, only three are now at large and they are charged only with the comparatively trivial offence of gambling, being certain to return to the city sooner or later.

Brooks, Russ and Sampson were taken by surprise by the posse, and captured without resort to arms at the home of Brooks' father, Peter Brooks, a well-to-do colored man, living about six miles from Calabash, in the lower end of the county and a short distance from the South Carolina line. The officers came up to the house at the early hour and surrounded the place. A portion of the crowd guarded while others entered. Two of the negroes were found asleep, but Brooks, who was in another room, had awakened in time to crawl under a bed in an effort to elude the officers. The negroes were at once put in irons and taken across the country to Southport and lodged in jail there for the night. Sheriff Stedman and party will bring them up to the city on the steamer Sea Gate this morning.

Brooks was sentenced at last weeks' term of court to one year on the county roads on two counts of larceny at Carolina Beach and carrying a deadly weapon. He is regarded as a desperate negro and one of the ring leaders in the escape.

Sampson was held under sentence of three months on the roads for carrying concealed weapons and an additional two months for an assault with a deadly weapon.

Elijah Russ was arrested by Constable Savage the night before he broke jail, and was held for preliminary trial on a charge of housebreaking.

John Williams, Charles Singletary and Willie Davis, the three escapes not yet captured, were held under sentence of 12 months each on the roads for gambling.

The party from Wilmington, which also included Mr. W. D. Rhodes, left Wilmington Tuesday morning and located Brooks and the two other negroes in the woods about Carolina Beach. The negroes fled before the officers and crossed the river in a small boat. The officers crossed the river behind them and followed them to the fisheries at Old Brunswick. The officers remained at the fisheries Tuesday night, but early Wednesday morning got track of the negroes and followed them to Shallotte, arriving there half an hour behind them. There Sheriff Stedman and the other officers were joined by Sheriff Peter Rourk and Deputy White, and they immediately set out for Calabash, later arriving there and surrounding the house of Brook's father at the early hour named. The party reached Southport with the prisoners late yesterday afternoon. Sheriff Stedman was materially aided in the capture of the negroes by Sheriff Rourk and Deputy White, and is very grateful to them for their kindly services.

THE POLICE EXCURSION.

Committee at Work Arranging Contests—Donations by Merchants.

The committee arranging for the police excursion on the 27th is making up an attractive list of features for the day, some amusing, some serious and all of interest to the large number who will no doubt witness them. There will be three foot races, one each for the heavy weights, middle weights and light weights. Then there will be an exciting race after a rabbit in which the whole force will take part. There will also be jumping, bell ringing, chicken striking contests; a bag race and target shooting. A handsome prize will be offered for each event and already entries are being made. The list of donations by the business men, as published yesterday, was incomplete, but before the day of the excursion an official acknowledgment will be made in the press, including all donations.

GREAT ARTISTIC SUCCESS

Opera Pinafore by Local Talent Under Direction of Mrs. Harris Enthusiastically Received Last Night.

The opera "Pinafore" was delightfully sung last night at the Academy of Music by local talent, under the direction of Mrs. Anne deRosset Harris. The audience was the standing room capacity of the theatre and every one was delighted with the production. The costuming was elaborate and the scenic effects brilliant. Members of the cast and the chorus gave evidence of excellent training. The voices were excellent and the singing ensemble was a feature. Mrs. Harris, of course, was the favorite in the cast and she well sustained the enviable reputation which was already hers. She was seen and heard in the role of "Josephine, the Captain's Daughter," one for which she was particularly fitted both as to voice and charming presence. Mr. W. G. W. Krafft essayed the role of Sir Joseph Porter; Mr. F. DuPre, the captain; Mr. R. C. Banks, Ralph Rackstraw, the sailor; Mr. Ed. Reilly, Dick Deadeye, another sailor; Mr. Will Gore, boatswain on the ship where the scenes are laid, while Miss Alice Borden, as "Hebe," and Miss Rena Mills as "Little Buttercup," were seen to the city sooner or later. to charming advantage in the parts in which they appeared.

The incidental music to the piece was enjoyed quite as much as the opera itself. The "Teasing Song and Dance" by Miss Alice Borden was a favorite among the members, being danced by Miss Borden, Miss Mills, Mr. Krafft, Mr. DuPre and Misses. Bessie Gore, Lina DeRosset, Sara Catlett, Loris Hardin, Christine Stevenson, Dell Burbank, Daisy Burbank, Beulah Armstrong, Thurber Gore, and Sue Catlett.

"Little Kickapoo" by Miss Rena Mills and pantomime by Mrs. Harris, Miss Borden and chorus was also a delightful number as was "Coax Me," also by Miss Mills, assisted by Miss Borden, Mr. Krafft and Mr. DuPre.

The Nightingale Song from "Sergeant Kitty" was rendered with charming effect by Mrs. Harris and chorus. "Dearie" was sung by Miss Borden and "If You Tell Me How I Love You" by the principals in the cast, both being numbers enthusiastically received by the audience.

Mr. E. H. Munson directed the orchestra, which furnished the accompaniment for the production.

Announced That Swift & Company Will Establish One Here.

It is announced upon the best of authority that Swift & Co., the big meat packers of Chicago, will establish a mammoth fertilizer factory upon the site of the old Pittsburg Lumber Company, up Northeast river, three miles from the city. The lumber mill was burned about 18 months ago and the site and other property was bought by a Chicago man. It has since developed that the purchase was for Swift & Co. and that a big guano factory employing hundreds of hands, will be established there.

TAX LEVY ADOPTED

Board of Magistrates in Adjourned Annual Meeting Yesterday at Noon.

A REDUCTION OF TWO CENTS

Notwithstanding Bond Issue, Rate Will Be Less Than Last Year—County Map Wanted—Question of Free Ferries.

An adjourned annual meeting of the Board of Magistrates of the county was held in the Court House yesterday at noon for the purpose of passing upon the tax levy for the ensuing fiscal year as recommended by the the Board of Commissioners. Upon motion of Mr. J. D. Kelly, Mr. C. W. Worth was called to the chair, and Deputy Register of Deeds T. O. Bunting was present as clerk ex officio. Sixty-seven out of the 106 magistrates answered to roll-call. There were present also Chairman D. McEachern, Capt. Wm. F. Robertson, Mr. H. L. Vollers and Mr. M. W. Divine, of the Board of County Commissioners.

The meeting being declared duly organized for the transaction of business, the chairman reported the estimate of expenses for the ensuing fiscal year and rate of taxation necessary to provide revenue to meet the same. Typewritten copies of the budget and the levy had previously been mailed to the magistrates and those present were pretty well acquainted with the provisions. Upon motion of Mr. H. W. Malloy, the budget and levy was unanimously adopted just as recommended by the Commissioners as follows:

Estimated expenses to be provided for by tax levy June, 1905:

Jury	4,000.00
Solicitor	400.00
Witnesses	1,000.00
Sheriff	700.00
Clerk	700.00
Total Superior Court	$ 6,800.00
Supt. Health	1,200.00
Out Door Poor	5,000.00
County Home	2,500.00
Tax Listing and Assessing	1,200.00
Attorney	500.00
Coroner	300.00
Constable	300.00
Magistrates	200.00
Register of Deeds	400.00
Commissioners	1,500.00
Public Buildings	1,800.00
Clerk and Janitor	1,100.00
Jail	2,500.00
Military	600.00
Roads and Bridges	1,500.00
Printing and Stationery	600.00
Miscellaneous	500.00
Refunded Taxes	100.00
Total	$28,600.00
Jas. Walker, Mem. Hosp't	7,200.00
Road Bonds, int. and sinking fund	4,250.00
Court House bonds, int., and sinking fund	4,000.00
Total	$44,050.00

To meet the above the Commissioners recommended the following tax levy:

	Property	Poll
General Fund	.23 2-3	.71
Hospital	.06 1-3	.19
New Hanover county road fund	.04	.12
Court House fund	.02	.06
Total	.36	1.08

And there shall be levied and collected for county purposes on all subjects of taxation embraced in schedules A. B. and C. of the Revenue and Machinery Act and elsewhere in the acts of 1905 of the General Assembly of North Carolina the same tax as is by law specifically imposed for State purposes except on such subjects as are forbidden by the law of the State."

There is a reduction in the total levy of two cents on the $100 valuation of property and, though the county loses both the merchants' tax and half the liquor tax by act of the last Legislature, the Commissioners are confident that the increased revenue derived from improved property will provide sufficient funds to cover the reduction, and also pay the interest and provide the proportionate part of the sinking fund for the additional bond issue, carried in the election on Wednesday.

The levy having been adopted, Mr. M. W. Jacobi presented the matter of an official map of the county, explaining the great need of such a chart. Prof. W. Catlett, county superintendent of public instruction, spoke in favor of some action. Finally, after some discussion of the cost and scope of the proposed work, a motion prevailed to the effect that it is the desire of the Board of Magistrates that the commissioners have a map of the county prepared at a reasonable cost.

Mr. E. F. Johnson suggested the needs of free ferries to the city, especially over the Cape Fear river into Brunswick. However, no action upon the question was taken, and the magistrates adjourned sine die.

Another Hold-Up Reported.

Smallpox Guard Ben Turlington, at the pest house near the County Home, reported to the police station early last night on the road, near where he is watching he was held up by two men and a boy. The attack upon him, Mr. Turlington says, was repulsed, eight or ten shots having been exchanged. No one was hurt.

To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

INVESTIGATING LEAK.

Richard Cheatham, secretary of the Southern Cotton Asociation, is in Washington doing his best to make good the charges of the Association that there are irregularities, leaks and crookedness in the preparation and publication of the cotton crop report of the Agricultural Department. On Wednesday he called on Secretary Wilson at the Agricultural Department and left with the Secretary certain documentary evidence bearing on the charges which he has made and asked for an investigation of them. It is understood that they involve but one person in the employ of the department.

The Charlotte Chronicle referring to the Southern Association's charges, says:

"The Southern Cotton Growers' Assoeiation, which has come into being since the government made its estimate last fall of the cotton crop, is taking a serious view of the government's methods and is making charges that not only is advance information given out, but figures are altered. Mr. Richard Cheatham, the Secretary of the Association, will bring the charges to the personal attention of the President, and we may expect something interesting to result. Mr. Cheatham has been in New York getting evidence. He will charge gross irregularities in both the preparation and the publication of the government information concerning the condition of the cotton crop issued last Friday. Mr. Cheatham has with him documentary evidence which he will submit to the President. He will make no charges of bribery or any other crime, but will ask for a rigid investigation, and ask that the resignation of one of the important employes in the statistical bureau of the Department of Agriculture be demanded. According to a special to The Washington Post, a New York broker was instrumental in gathering the most important of the evidence. This is the story:

'From employes of the Department of Agriculture, he says, some of whom are in the habit of making frequent visits to this city, he learned that advance information in regard to the reports could be secured. He followed up this line by inquiring whether or not the reports could not be changed, the figures of the government's export reporters altered so that a false impression might be made of cotton conditions. He was successful in this endeavor also, he says, receiving letters from at least one employe of the Department and learning that at least one of the most prminent firms of cotton brokers in this city had such an understading with at least one prominent official."

A MARRIED MAN INTERNS.

The Monroe Journal gives us this:

"A Georgia man who is suing for a divorce from his wife says that he has kept a diary and finds from it that they had quarrelled just 6,110 times, and states the reason for each scrap. Much of the trouble came from his carelessness in tracking mud on the kitchen floor; some of it from her refusal to cook dumplings with the chicken, and 224 of the scraps arose when she asked for money, while 1,589 of them were due to late meals."

That Georgia man is a quitter. The fact that he is suing for divorce shows that his wife has gotten the best of him. He has decided to throw down the unequal contest, and it shows that he has lost confidence in his capacity to chew the rag with his better half. It is the old, old story—the man has to "give in" to his wife. However, we'll bet he can beat her on figures, even if he has been compelled to intern.

RICHMOND'S NEW PAPER.

The Evening Journal is a new exchange which we take pleasure in adding to our list. Its publication was begun at Richmond on Monday by the Journal Publishing Company, incorporated, and to all appearances the new paper is strongly backed. At any rate the Journal has a staff which initiated its career with an issue that gives evidence of capable and gifted men in all departments. It is an eight page paper of metropolitan appearance, and as to its news matter and its editorial department it lines up with the best of them in newsiness and piquancy. The Evening Journal is indeed a healthy youngster and here's hoping that its prosperity will be commensurate with the creditable and eminently deserving copies which have come our way.

A MINUTE WITH THE CHARLOTTE OBSERVER.

Some shifting around of talent has been made in the Charlotte Observer staff within the past few days. Mr. H. E. C. Bryant("Red Buck"), heretofore travelling representative, becomes city editor, Mr. D. H. McCullough, Jr., assumes the general business management, and Mr. John A. Ross takes the position of advertising manager. These are just some of the strong units which the Observer has been using all along in different capacities, and their versatility is given range in the new positions for which all are well qualified. "Red Buck" will no doubt chafe under the restraint which the city editorship will place upon him but he can well deliver the goods in any department of newspaper work.

—The habitual use of cocaine amongst negro farm hands and laborers in towns is spreading throughout the South, judging from newspaper reports. No systematic investigation of the prevalence of the habit has been made in this State, but that the indulgence is somewhat common is probably a fact.—Columbia Record.

—It now seems that the abolition of the compulsory pilotage law for the port of Wilmington is only the beginning of an effort on the part of the Maine ship owners to have all pilotage on the South Atlantic coast abolished. It is said, that an effort will be made to get a bill through Congress doing away with compulsory pilotage at all points below Capt Henry. This action by Congress would put many a dollar into the pockets of the ship owners, and will leave several thousand brave men out of a job.—Raleigh Times.

..—One authority who has been making a close research into statistics, makes the wonderful statement that if every person in the Chinese Empire would buy a cotton handkerchief it would require the entire cotton crop of the United States to fill the order. Accepting the above as an accurate statement, we point to it as a striking illustration of the vastness of China. It also goes to show what the Chinese trade in cotton goods means to the South, both at present and in the future. China is as yet a world problem that has not beep solved. When she awakes along certain lines and becomes active there will be some notable changes in the world, due directly to her awakening.—Charlotte News.

COTTON MARKETS.

New York, June 8.—The cotton market was active and generally firmer on covering and aggressive bull support, mostly from New Orleans sources. The opening was quiet and steady at unchanged prices to an advance of one point with the trade hesitating, owing to the conflicting character of the early news. Cables, if anything were a shade under expectations, the weather map received a generally favorable interpretation and the bears claimed that the Norway affair might lead to Europen complications. On the other hand there were private advices claiming firm spot markets all over the South, a warehouse fire was reported in Brooklyn which, it was said, had destroyed four thousand bales, and private reports continued to come in claiming very unfavorable new crops conditions. Locally, sentiment was inclined to the bear side early, but New Orleans ruled very firm and in the afternoon prices here were rushed up to a net advance of 15 to 18 points on active covering and aggressive New Orleans buying, where it was rumored a fresh bull pool had been formed. APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannct afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

SPIRITS TURPENTINE.

—The opening ball at the Atlantic Hotel, Morehead City, will take place to-night.

—The Secretary of State on Wednesday granted a charter to The Bank of Manteo, with a paid in capital of $10,000. The incorporators are S. A. Griffin, R. C. Evans and others.

—Governor Glenn has notified the Winton Fire Department that he accepts the invitation to be present in Winton and address the annual meeting of the State Firemen's Association to be held there in July.

—Mt. Olive Tribune: It is common report that a number of illicit whiskey distilleries are being operated near Mount Olive. Most everybody seems to be aware of the fact, revenue officers visit here quite often, but still the rascality goes on in open defiance of the law.

—Raleigh News and Observer, June 8: Lillington is to have another industrial enterprise, this to be financed by Raleigh men. The Lillington Naval Stores Company will shortly be organized with $12,000 capital and will immediately erect a large wood turpentine distillery plant at Lillington, the machinery for which has already been ordered. The parties orgaizing the company are: Messrs: John W. Hinsdale, C. M. Busbee, J. W. Harden, W. B. Douglass, W. C. Douglass, the Hart-Ward Hardware Company, and others.

—A novel case was tried in Forsyth Superior court at Winston Friday. It was to decide whether Martin Peoples or his stepson were entitled to one thousand dollars for the rebuilding of the home of Mrs. Peoples, destroyed by the reservoir disaster last Fall. The issue presented to the jury was that if they found that Mrs. Peoples was killed instantly in her home, then they should find that the son was entitled to the home, but that if the wife and mother lived after the reservoir disaster, they should decide that the husband was entitled to the place. After deliberating about five minutes the jury answered the issue in favor of the son.

—Charlotte News: Governor Glenn and Senator Simmons told the State Board of Agriculture yesterday that North Carolina needs one hundred thousand laborers to perform the work that is already mapped out, to say nothing of the demand for labor which will increase with the continued rapid development of the natural resources of the State. They propose a very feasible plan for inducing a desirable class of immigrants to come to North Carolina, and it is to be hoped that the Board will look upon their recommendation with favor. There is a demand for labor that must be heeded. North Carolina cannot afford to delay this matter. The time for action is the present.

—A dispatch from Scotland Neck on Wednesday says: Capt. Whit J. Hill died at the home of his father, postmaster A. B. Hill, yesterday afternoon. He was a popular conductor on the Atlantic Coast Line Railway, his runs covering some of the most important divisions of the road. Several months ago he was stricken with paralysis and was taken to a hospital in Richmond where he remained until a few weeks ago, when he was brought here to his father's home. Captain Hill was between forty-five and fifty years old, and leaves a wife and two daughters besides a large number of relatives. This is the second death in Postmaster Hill's home within a week, his wife having died a week ago to-day.

—A High Point correspondent writes: A new device in the way of a telephone has just been placed in the office of Master Mechanic W. S. Murrian, of the Spencer shops, by which his office is connected with offices in Greensboro, in which a similar instrument has also been placed. The two 'phones are connected by an ordinary telegraph wire which is in daily use, the ground being used for a return. The connections which were made by the Southern Bell Telephone Company, are so constructed as to permit the use of the same wire simultaneously for both telephone and telegraph purposes without their conflicting with the other. By the use of a series of coils the noise accompanying a telegraphic instrument has been dispensed with, and it is even possible for two messages, one by 'phone and the other by telegraph, to be transmitted in opposite directions at the same time over one wire.

—Rocky Mount Record: An affair occurred on our streets Saturday that occasioned right much excitement at the time. J. R. McClellan, a nothern white man and drummer, approached a crowd of negroes on Washington street and made improper proposal to a woman in the crowd. She rebuffed him and a negro man with her remonstrated with McClellan, whereupon the latter struck the negro a severe blow with his fist and they closed in a clinch. In the scuffle the negro cut McClellan deeply down the cheek and throat and slightly on the shoulder. They were both arrested and given a hearing before Mayor Thorp, who required both to give bond in the sum of $50. The negro gave bond at once, as also later did the white man, several traveling men standing his bond. But the white man, after being released on bail, got drunk and talked in such a manner as to cause his bondsmen to get disgusted and they came off the bond and up to to-day McClellan is still lodged in the calaboose here. The sentiment of the white people of the town is all with the negro.

—Raleigh News and Observer, June 8: The unveiling of the Bethel monument, on the Bethel battlefield near Newport News, Va., will take place on Saturday, June 10th. Maj. E. J. Hale, of Fayetteville, chairman of the commission, will tell the story of the battle. Governor Montague, of Virginia, will speak, and Col. J. Bryan Grimes, Secretary of State, will respond on behalf of North Carolina. Other addresses will be made. The party will leave Raleigh at 11 o'clock. That night a reception will be given the visitors by the Hampton Monument Association. A committee of Newport News citizens has been appointed to meet the party at Bethel, escort them to Newport News, and to show the visitors Old Dominion hospitality. The committee is composed of Mrs. W. E. S. Vaughn, chairman, S. R. Buxton, Richard Anderson, R. L. Ferguson, and W. M. Hunter. A banquet or trip to Jamestown has been suggested, but complete arrangements have not been made. The Edgecombe Guards, of which Wyatt was a member, will go in a body, and it is expected that many will go from various points in North Carolina. It will be an historic occasion.

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary troubles sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E. Poezolt, merchant tailor, of No. 8 South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all puffed up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buaffio, New York, sole agents for the United States.

Wouldn't Eat Eels.

A well known naturalist tells of an experience in the Hebrides last summer. "We saw great numbers of eels actually leaving the sea and ascending a small clear stream which formed the outlet to a shallow loch," he writes. "They varied in size from mere threads to specimens weighing two to three pounds each. The migration continued for a whole week, and one day we succeeded in capturing half a score about fifty yards away from high tide mark. These were offered to a highland shepherd, who, with a shrug and a grimace, said, 'Och, sir, I would liefer eat snakes.'"

Such a Nice Riddle.

"Did you ever hear the alphabetical conundrum, Angelina?"

"No, Augustus. What is it?"

"It is, When will there be only twenty-five letters in the alphabet?"

"Oh, I never could guess that!"

"It's when U and I are made one, my darling."

"What a nice conundrum it is, Augustus!"

Youthful Aspirations.

Holden—Both of your children are getting along. They'll soon have to decide upon their careers. Belden—Oh, that's all settled long ago. Tom has made up his mind to be a retired millionaire, and Henrietta thinks she is cut out for a rich widow.—Boston Transcript.

Courting Peace.

"Smith never quarrels with his wife. She spends nearly all her time abroad."

"Yes, they get along together by living apart."—Houston Post.

Wigg—He's rather dense, isn't he?

Wagg—Yes. He wouldn't recognize the point of a joke if he sat down on it.—Philadelphia Record.

Keep doing, always doing. Wishing, dreaming, intending, murmuring, talking, sighing and repining are all idle and profitless employments.

A Thin Spread.

Kwater—It's more or less true that, as the old saw has it, "Charity covers a multitude of sins."

Hardhead—But never if it's our charity and other people's sins.—Philadelphia Press.

"Why do you think he'll be a famous novelist?"

"He poses for photographs so well, with his arms folded and looking as if he was thinking."—Judge.

"When I had consumption in its first stage," writes Wm. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c. and $1.00 a bottle. Huge Task.

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by R. R. Bellamy, druggist; price 50c. **

WARM WIRELETS.

The date for the Fitzsimmons-Shreck fight at Salt Lake City has been changed from July 4 to July 3.

Governor Magoon yesterday reported one more case of yellow fever in Panama, that of Edward Hurley, an American, but not an employe on the canal.

The Italian cruiser Dogali, Captain Ronca, the officiars and crew of which have been royally entertained during their stay in New Orleans, sailed yesterday for New York.

At New York yesterday it developed that nearly $60,000,000 of the money raised in this country by the sale of the last issue of Japanese imperial bonds will remain on deposit in New York city for an indefinite period.

At Los Angeles, Cal., yesterday the Knights of Columbus defeated a proposal to affiliate with the Federation of American Catholics, chiefly on the ground that by doing so the order of the Knights of Columbus would lose its individuality.

The Lynchburg, Va., common council yesterday adopted a resolution inviting President Roosevelt to Lynchburg October 5th, during the inter-state fair, for the purpose of making an address. The resolution goes to the Board of Aldermen for concurrence next week.

At Denver, Colo., yesterday claims for damages amounting to $400,000 were filed with State Auditor Bent by counsel for the Western Federation of Miners on behalf of sixty seven men who were deported last year from Cripple Creek, Telluride and Lasinmas.

Fast through train No. 3 on the Grand Trunk for Chicago from the east was wrecked yesterday afternoon about ten miles east of Flint, Mich., near Davison, by spreading rails, Mrs. Cora Waltrous, of Roxbury, Mass., was, it is thought, fatally injured and ten others were seriously hurt. Three coaches were ditched.

At Desarc, Ark., yesterday John Frasier, a negro, was hanged for the murder of Webster Southerland, a time keeper on the Searcy and Desarc road last November. The killing was over a dispute about money which Frasier claimed was due him. On the gallows he claimed that the shooting was accidental.

Thomas Nelson Page called on the President yesterday on behalf of the mayor and citizens of Richmond, Va., to urge him to make a sojourn of two days in that city on the occasion of his Southern trip next October. The President said it would not be possible for him to remain so long in Richmond, much as he might like to do so.

Mrs. Roosevelt will be entertained for several days by Mr. and Mrs. Joseph Wilmer at their old Virginia homestead at Rapidan. She left Washington for her outing yesterday unaccompanied by any of her children. The visit is a repetition of one several years ago when the President and Mrs. Roosevelt spent several enjoyable days at the Wilmer home.

Justice Peckham of the United States Supreme Court will give a hearing at Albany, N. Y., today to the attorneys for Mrs. Mary Rogers, the Vermont woman under sentence of death for the murder of her husband. Application was made to Judge Peckham by mail for a writ of error which would, if granted, carry the case to the United States Court of Appeal from the Vermont courts.

At Tampa, Fla., yesterday the grand jury which has been investigating the killing of Police Captain Carter by P. W. Knapp, reported no true bill. Judge Wall ordered Knapp held in jail to await the action of the solicitor of the Criminal Court, who may file information for lesser degree of homicide. Rumors of intention to lynch Knapp last night caused Sheriff Jackson to place twenty special deputies, armed with Winchesters, around the county jail.

About one hundred bankers from Georgia and fifty from Florida arrived at Atlantic Beach, Fla., yesterday, to attend the joint meeting of the two State associations which will begin today. Secretary Shaw who arrived yesterday will be the guest of honor. He addressed the Jacksonville Board of Trade last evening and was tendered a reception by that organization. The bankers will meet in joint session this afternoon and will be addressed by Secretary Shaw.

At Indianapolis, Ind., yesterday Judge James Leathers, of the Marion county supreme court decided in the case of the State against W. W. Lowry indicted for smoking a cigarette, that the anti-cigarette law passed by the last Legislature is constitutional, except wherein it may conflict with the inter-state commerce law. Smokers may import cigarettes from other States and smoke them, but it is held unlawful to sell or give them away. Mr. Lowry was discharged. The State will take an appeal in order to test the law.

SUBMARINE BOAT BLOWN UP.

Fourteen of Crew of British Warship Are Lost.

By Cable to The Morning Star.

Plymouth, England, June 8.—Submarine boat "A." was lost off the Breakwater here this morning. Three explosions are said to have occurred on board before she foundered. She had on board eighteen officers and men, including her regular crew and men who were in training. Fourteen of the number were drowned. The others were picked up.

The boat lies in eighteen fathoms of water. The first intimation of the disaster came from the boat herself signalling that she was submerged and could not come to the surface. A signal was received shortly before noon which said: "All right up to the present time."

Diving parties immediately proceeded to the scene. Those who were saved were standing in the vicinity of the conning tower at the time of the disaster and were picked up by a passing trawler. They were Lieutenant Candy, commandant of the boat; Sub-Lieutenant Modoch, a petty officer and a seaman.

The lost boat was of about 300 tons displacement and was launched in 1904.

GRAVE TELEGRAPH ERROR.

N. O. Cotton Exchange Favors Special Wire With New York.

By Wire to The Morning Star.

New Orleans, June 8.—The New Orleans Cotton Exchange has appointed a special committee to investigate the error made by a telegraph company in transmitting the figures from the Bureau of Statistics, Agricultural Department, Washington, last Friday, to the New Orleans Exchange. The board of directors of the exchange adopted a resolution that the telegraph company's explanations received by letter were not satisfactory. The special committee of the exchange will confer with a similar committee to be appointed by the New York cotton exchange, the subject of the conference being the advisability of immediately putting in a private wire between this city and New York through Washington for the exclusive use of the two exchanges. The committee is instructed to act at once.

PEACE OUTLOOK IS BRIGHTENING

Powerful Influence Brought to Bear on Japan to Modify Demands

CZAR REPLIES TO ROOSEVELT

Appreciates Friendly Offices of President—Believed That Mikado Will Meet Peace Overtures Half Way——The Situation.

By Cable to The Morning Star.

Washington, June 8.—The Czar has at last been heard from here and the result is not unfavorable to peace. In his recent audience with Mr. Meyer, the American ambassador, the Czar indicated a willingness to take under advisement the subject of peace and expressed warm appreciation of the friendly words of Mr. Meyer speaking as the personal envoy of the President. The reception of Mr. Meyer was characterized by the greatest cordiality and friendliness and the ambassador's cablegram to the President giving a general account of the audience is of a hopeful tone. Mr. Meyer did not bring to the St. Petersburg government an offer of mediation but a "friendly offer of good will" as it was described by Count Casini, which apparently, was gratifying to the Czar. Further than this it is impossible to record the character of the cablegram.

Mr. Takahira, the Japanese minister called by appointment at the White House this afternoon and spent an hour with the President. He was still unable to give the President the slightest indication regarding Japan's peace terms, but it is believed he is acquainted in a general way to the hopeful tone of the Mr. Meyer's dispatch and with this as a lever the hope is expressed here that the Mikado will meet the President half way in the earnest efforts he is making to assist in bringing about an early peace. Later in the afternoon Sir Mortimer Durand, the British ambassador saw the President and to-night Baron VonSpeck Sternberg, the German ambassador, was at the White House. None of the callers would discuss their visits and it can be stated that with the exception of the call of Mr. Takahira none of these visits was of great importance. It is not expected that the situation will change radically in the next day or two. Until some indication comes from Japan of her attitude in the light of the spirit shown by the Czar the negotiations can hardly be expected to progress. Meantime powerful, though friendly, influence is being brought to bear on Japan to be moderate in her demands. These hopes have not yet been realized, although information has been received that Great Britain will welcome peace. It is still hoped, however, that some assistance from that quarter may yet be forthcoming. Berlin and Paris are both giving loyal assistance to the efforts initiated in Washington and the result of Berlin's activity is already being felt.

Further instructions have been sent Ambassador Meyer at St. Petersburg but their character is not known. Count Cassini, the Russian ambassador, called at the French embassy today where he had a long talk on the situation with Ambassador Juserand.

BOLD ACTION IN RUSSIA.

Gemstvos Demand That People Decide for War or Peace.

By Cable to The Morning Star.

St. Petersburg, June 9.—1:50 A. M.—The voice of the delegates of the zemstvos and the municipalities demanding in no uncertain tone the immediate convocation of a national assembly to pass upon the question of peace or war, to heal internal strife, and to unite the people for the rejuvenation of Russia, will be heard in the address adopted by the all-Russian Zemstvo congress at Moscow which a deputation headed by Count Hayden, and M. Shipoff, is bringing to present to the Emperor. The document bids fair to become historic. The customary phrases of respect at the opening and the closing are omitted and it is otherwise unceremonious, employing the direct personal pronoun.

The address arraigns the bureaucracy and reminds the Emperor that his pledge to convoke a national assembly is slow of fulfillment. It says the country is on the verge of civil war and even ventures to criticise a royal measure. The address urges the summoning of a national assembly that the war may become national. There is intense interest to learn whether the Emperor will receive the bearers of so bold a message.

Russian Can Fight on Land.

Gunshu Pass, Manchuria, June 8.—General Batjanoff, commander of the third Manchurian army, addressing the troops yesterday on the occasion of the Empress' birthday told them he hoped soon to be able to telegraph the news of a Russian victory to her majesty.

Later in conversatoin with the correspondent of the Asociated Press, the general declared that the defeat of the fleet was a sad and hard blow but it would not affect the morale of the troops who with the doggedness of the Russian soldier were prepared to fight on as long as the Emperor gave the word.

"If the sea is lost," said the general, "Russia can still be victorious on land. Peace, unless Japan is reasonable, is impossible."

THE CHICAGO STRIKE.

Eight Thousand More Teamsters May Go Out.

By Wire to The Morning Star.

Chicago, June 8.—The teamsters' strike has reached the point where its further progress and its further increase is dependent upon the action taken by the members of the Chicago Team Owners' Association. This organization has from the first declined to make deliveries to the boycotted houses and has constantly urged the teamsters to arbitrate the question of making such deliveries. The teamsters have positively refused to deliver or receive goods, and now, the last chance of securing any concessions from the teamsters having faded away, the members of the Team Owners' Association must either decide to deliver goods or allow the teamsters to have their own way. Opinion among the members of the Team Owners' Association is strongly divided. At a meeting of the organization tonight the Team Owners' Association may decide to make deliveries and discharge all of its men who refuse to obey orders. Such action would add to the ranks of the strikers about 8,000 men.

ALFONSO IN ENGLAND.

King of Spain Having Royal Time as Edward's Guest.

By Cable to The Morning Star.

London, June 8.—King Alfonso, of Spain, who displays the tireless energy of youth, has passed another busy day of sight-seeing, crowned with a gala performance of opera.

In his honor Covent Garden was transformed into a bower of red and yellow roses, the stage being thus completely framed in the Spanish colors. The whole auditorium was looped and festooned with roses, orchids, Spring flowers and brilliant lights. When the royal party arrived at 9 o'clock King Alfonso leading Queen Alexandra and King Edward leading Princess Louise of Fife, the beautifully decorated royal box was crowded with members of the royal family, while in other boxes were Ambassador Raid, ministers, statement and naval and military officers. King Alfonso, and King Edward, looked upon a resplendent house, the gentlemen being garbed in court attire or uniforms and the ladies mostly in white gowns with dazzling jewels. All stood while the Spanish and English anthems were played. Then came seections from "Romeo and Juliet," "LaVie de Behome," and "The Huguenots," sung by Mme Melba, Mr. Caruso, the Americans Miss Elizabeth Parkinson and Mr. Whitehall and other leading artists.

UNION HOURS ON THE CANAL.

Atorney General Moody Holds That Eight Hour Law Holds.

By Wire to The Morning Star.

Washington, June 8.—The opinion of Attorney General Moody regarding the application of the eight hour law on the Isthmus of Panama was made public to-day. He holds that the act of August 1, 1892, which limits and restricts to eight hours the daily service of laborers and mechanics employed by the government of the United States or by any contractor or subcontractor upon the public works of the United States, applies to the employment of laborers and mechanics in the contsruction of the Panama canal but does not apply to the office force of the Isthmian Canal Commission stationed on the Isthmus of Panama, or to any of the employes of the government who are not within the ordinary meaning of the words "laborers and mechanics."

As to those laborers and mechanics in the employment of the Panama railroad and steamship line, the Attorney General holds that the law does not apply.

According to the rule established by the Synod only the person securing the divorce shall be deemed fit to re-marry, and then only after a year has elapsed.

The Synod to-day considered the revision of the liturgy and evangelistic work.

Official Will Be Compelled to Answer Questions.

By Wire to The Morning Star.

New York, June 8.—Edward F. Hale, the tobacco company official who refused to answer questions put to him by the Federal grand jury in connection with the investigation of the so-called tobacco trust, must answer those questions. This decision was announced today by Judge Wallace in the United States circuit court. Hale will not, however, be compelled to produce the books and papers of the company of which he is secretary.

UNKNOWN SHIP CAPSIZED.

By Wire to The Morning Star.

Boston, June 8.—A capsized vessel was sighted last Tuesday about 300 miles east of Cape Hatteras by the United Fruit Company's steamer Admiral Schley, which arrived here today from Jamaica. The wreck appeared to be that of a vessel of about 300 tons register and 200 feet in length. The general appearance of the derelict indicated that the disaster was of recent occurrence.

GERMAN EMPEROR MIGHT INTERVENE

Norway's Separation from Sweden Might Bring on Serious Complications.

SEPARATISTS TO BE COERCED

King Oscar When Presented With Action of Norwegians Gave Vent to Feelings—People True to Norway.

By Cable to The Morning Star.

Christiania, Norway, June 8.—The Storthing this afternoon empowered the President of the house to forward to King Oscar the address adopted yestefday, with a covering memorandum.

Two Norwegian gentlemen who are appointed to attend Prince Gustavus Adolphus, eldest son of the Crown Prince, at his marriage to Princess Margaret Victoria of Connaught, will, pending instructions, remain here instead of accompanying the prince to London.

The prayer book of the Norwegian church has been modified in accordance with the change in the political situation, the prayers for the royal family being omitted. The ecclesiastical authorities have issued a notice calling on the clergy at the first celebration of Divine services after the deposition of the King, to offer a prayer for the fatherland.

It is announced that Mr. Jude, minister at Copenhagen, who is a Norwegian, has decided to resign, and it is supposed that Mr. Grip, minister at Washington, Mr. Von Ditten, minister at Rome, and Baron Von Wedel-Jarlsperg, minister at Madrid, who are also Norwegians, will tender their resignations.

Mr. Paulsen, premier Michelsen's secretary, has returned from Stockholm where he went to hand the King their letter announcing the decision of the Norwegian government. He says that the King opened the letter and read the first few lines. He then appeared to be deeply moved, and asked his secretary to read it aloud. At the conclusion of the reading his majesty vented his feelings in unrestrained terms, but soon became calmer and spoke amiably to the Norwegian gentlemen present, assuring them of his increasing affection for Norway and the Norwegian people.

Swedish Paper's Comment.

Stockholm, Sweden, June 8.—The Nya Dagligt Allehanda says:

"It is pleasing to see the manly and dignified manner in which the King heads the national movement and the great confidence the people have in their old paternal monarch. The people and the King clearly know their object, but efforts to obtain this object must be made by experienced men. Eminent politicians from the different groups in the diet will have the opportunity of deliberating with members of the government before the opening of the diet. This is necessary, as the present cabinet, wearing, as it does, distinctly the stamp of a provisional institution, finds its prestige depreciation at a moment when prestige is most wanted.

"The return of the Crown Prince will also contribute to the clearing of the situation."

Danish Prince May Be Asked to Be King.

Copenhagen, Denmark, June 8.—It is reported that the Norwegian government, in view of King Oscar's apparently definite refusal to consider the offer of the Storthing to place a prince of the house of Bernadotte on the throne, has privately approached the Danish royal family to ascertain if an offer of the throne would be received by a member of it, preferably Prince Charles, son of Crown Prince Frederick. The general opinion expressed here is that such an offer would be refused.

According to reports from Stockholm, King Oscar may be induced to reverse his decision, and favorably regard the offer of the throne for a member of his house.

Authoritative information received from Norwegian circles represents the majority of Norwegians as opposed to giving the throne to a prince of the house of Bernadotte. It is stated that if King Oscar should definitely refuse the throne for a member of his family, and that if the Danish royal family should likewise refuse to place one of its princes on it Norway will become a repubic, and that this is favored by the mass of the population.

All those in the civil service of Norway have announced their adhesion to the new government and all the generals have taken the oath of allegiance.

The Associated Press learns that Crown Prince Gustave had a long interview on the crisis with Emperor William before he left Berlin, and that it is understood the Emperor is not unwilling to intervene in favor of the Swedish dynasty. An authority intimately connected with the Emperor confirms a rumor that he abandoned his trip to Norway at the request of Crown Prince Gustave.

Great Demonstration for King.

Stockholm, Sweden, June 8.—Inhabitants of Stockholm to the number of several thousand assembled in front of Rosendal castle this evning and made a demonstration of their loyalty to and affection for King Oscar. His majesty, accompanied by Queen Sophia, Crown Prince Gustave and other members of the royal family, appeared on a balcony of the castle and was greeted by the national anthem which was sung by the enormous crowd, accompanied by a brass band.

The King listened to a short address to which he replied in a voice loud and clear but shaken by emotion. His majesty assured his subjects of his deep gratitude for their demonstrations of love and in conclusion said:

"Long live our ancient, glorious and loyal country, so good and dear. Long live Sweden."

Thousands cheers greeted the close of the speech. The King then called for cheers for "Our beloved grandson, Prince Gustavus Adolphus" (who is to marry Princess Margaret of Connaught), which were heartily given. The national anthem was repeated and a march past followed, which lasted until a late hour the crowds incessantly acclaiming King Oscar as they passed under the balcony.

King Oscar's attitude meets with complete approval, and although hopes are expressed that the powers will delay recognizing the new kingdom and although the interval before parliament meets here may give an opportunity for some compromise to be arranged, it is generally believed that the separation will be peacefully consummated. Then the only points of interest will be as to what form of government Norway will adopt and as to the question of defense against Russia for which an offensive and defensive alliance between Norway and Sweden is considered essential.

PEONAGE ON THE CANAL.

Opinion by Attorney-General Moody on Mooted Suspect.

By Wire to the Morning Star.

Washington, June 8.—Attorney-General Moody has written a letter to the Secretary of War giving his views on the general subject on peonage which, it is intended, will assist the executive committee of the Isthmian Canal Commission in making its contracts for the furnishing of labor in digging the canal, to avoid a condition of involuntary servitude under the authority of the United States. The Attorney General quotes Section 1 of the Thirteenth amendment of the constitution which inhibits slavery or involuntary servitude, and then says that wherever the jurisdiction of the United States extends there prohibitions of this article accompany it. In the course of his discussion of the subject, Mr. Moody says:

"In the employment of labor upon the canal the utmost care shall be taken to exclude the conditions which have been indicated as those of involuntary servitude or any other conditions of like effect or tendency. This care should be exercised not only in making the contracts to which the United States is a party in scrutinizing the contracts, usages and practices between those who agree to furnish contract labor to the United State and laborers themselves. What rules, regulations, officers and inspectors maye be needed in order that the employment of labor may not be violation of the thirteenth amendment may well be left to the discretion of the commission."

SENSATIONAL ADDRESS.

Courageous Philadelphia Newspaper Man Attacks Pennypacker.

By Wire to the Morning Star.

Guthrie, Okla., June 8.—The action of James A. Benn, city editor of the Philadelphia North American, in attacking Governor Pennypacker and the late Senator Quay in an address before the National Editorial Association to-day, has caused a fight in the Pennsylvania delegation and to-night F. B. Kee, of Freeport, T. H. Harter, of Bellefonte, and F. S. Phelps, of Erie, Pa., assert that they will present a resolution to-morrow condemning Mr. Benn's course.

Mr. Benn, in his address on "Muzzles in Pennsylvania," reviewed the organization of the so-called Quay "Machine," and the events leading up to the passage of the Pennypacker law. He blamed Mr. Quay for this severe law, declaring that it was Quay's governor that instigated it. He closed by saying "there was not a Quay or Pennypacker born who could form or invent a measure that would restrict the liberty of the press or hamper it in its constitutional right of public utterance. The Quay's of Pennsylvania, desire unsmirched biographies; tell them to leave behind them records free from stain. If the Pennypackers of Pennsylvania, or any other commonwealth in this union desire effectually to muzzle the press they must hie themselves to some other land than that in the fundamental law of which it is written "The freedom of the press ought not be rescricted."

Goodman was slightly wounded and Marshall Olin white had two bullet holes shot through his clothing. Dr. Hardy had publicly horsewhipped an aged white citizen during the morning and he later appeared at the mayor's office where he and the Mayor became involved in a difficulty concerning the amount of fine that was to be imposed upon him. Marshal White was present. Dr. Hardy opened fire on the Mayor and the Marshal. The Marshal returned the fire. Dr. Hardy was shot twice, once in the head and once in the stomach, dying instantly. Mayor Goodman was shot in the arm by Dr. Hardy.

SOUTHERN WAREHOUSE PLAN.

Matter Opposed by Floor Members of New York Exchange.

By Wire to The Morning Star.

New York, June 8.—A formal vote which has been taken by the floor members of the New York cotton exchange shows that the plan of certificating cotton in Southern warehouses which has been in agitation for many months on the exchange has considerable opposition. The vote was on the question of making a change in the by-laws which would be necessary before the plan could be adopted. The members, by a vote of 53 to 40, refused to make the required change and sent the amendment back to the board of managers with instructions to permit the membership to vote on the plan itself. The plan provides for warehouses where deliveries may be made in ten Southern cities under the supervision of officers of the New York Cotton Exchange with proper insurance provisions and with an officer in each city represnting the exchange.

VOTE FOR RECIPROCITY.

Significant Action of New York Merchants' Association.

By Wire to The Morning Star.

New York, June 8.—The Board of Directors of the Merchants' Association today adopted a resolution favoring reciprocity treaties with the principal European nations and providing for the appointment of a committee to urge Congress to adopt them and to solicit the co-operation of other commercial bodies in the movement.

A resolution was also adopted declaring that as the most important foreign outlet for American manufactures, particularly cotton goods, and the market which promises an immense expansion in the near future, is China, the existing exclusion laws should be modified and a new treaty with China negotiated.

BLONDI'S "SATURNALIA."

Decision Against Artist As to Suppress His Statue.

By Wire to The Morning Star.

New York, June 8.—The directors of the Metropolitan Museum of Art acted entirely within their rights when they removed Blondi's famous statue "The Saturnalia" from the gallery in the museum, where it was on exhibition, to the cellar where it has remained for many months. This decision was announced by Justice Leventritt in the Supreme Court today after an extended hearing on the suit in equity bought by Blondi against the directors. The Complainant alleged that the directors were bound by contract to exhibit the statue for a year and that he had been greatly injured by their action in violating the terms of the contract.

CAN NOW BE A PRINCE.

Von Buelow Willed $1,375,000 by Hamburg Multi-Millionaire.

By Cable to The Morning Star.

Berlin, June 8.—Prince Von Buelow, the German chancellor, received notice June 5th that the amount of his inheritance under the will of the late Herr Godefroy, the Hamburg millionaire, is $1,375,000. This was the same day that Emperor William gave him his patent of prince. The prince was a comparatively poor man relying almost wholly upon his salary as chancellor and the allowances attached to his position.

Two reasons, it was formerly said, why Von Buelow preferred not to ge created a prince, were that the dignity of the rank required a large fortune to properly sustain it, and that he had no children to whom he could transmit the title. Herr Godefroy's entire property is valued by the executors at about $6,500,000 of which $2,500,000 goes to other heirs and $2,500,000 to charities.
